Properly repair the following plumbing items:

7/15/2014

1. The condensate pan in the walk in cooler goes into a funnel before it enters the drain line. Repair to code and have it drain into the line without the funnel.
2. All the cooler lines in the basement drain onto the floor. Extend the drain lines so they go into the floor drain.
3. Repair the HVAC system condensate leaks to code. DNS plumber contacted and is on site. Repair to code.
