## Routine Food Inspection

LA MIRADA ENTERPRISES NO.5 INC  
DENNY'S RESTAURANT 1209  
8001 W BROWN DEER RD  
MILWAUKEE, WI 53223

March 6, 2008

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

**Fee Amount: \$0.00**

Code Number	Description of Violation	Correct By
4-601.11	Observed clean soup spoons being stored in a dirty container. The soup spoons must be kept in a clean and sanitized container for storage. Provide a clean and sanitized container to store the soup spoons. Maintain a clean container at all times.  The soda nozzles at the soda dispenser in the front waitstaff location are dirty and appear to have buildup of debris and mold growth. Clean and sanitize the nozzles as often as necessary to prevent debris buildup and mold growth.  The ice scoop at the front waitstaff station is being stored in a dirty (pink colored liquid) container between use. Between use, the ice scoop must be stored in a clean and sanitized container. Provide a clean container to store the ice scoop. Maintain clean the ice scoop at all times.	03/06/2008
5-202.11	There is no backflow preventer installed on the mop sink faucet. A backflow preventer is required to be installed to prevent waste water from entering back into the water supply. Install a backflow preventer on the mopsink faucet.	03/20/2008

Frank P. Zeidler Municipal Building, 841 North Broadway, Room 304, Milwaukee, WI 53202-3653 Phone: (414) 286-3674 Fax: (414) 286-5164  
web site: [www.milwaukee.gov/health](http://www.milwaukee.gov/health)

4-601.11 There is a large amount of old food buildup inside the unused "toastmaster" underneath the prep line. All equipment must be maintained clean when not in use. Clean and maintain clean the "toastmaster." 03/20/2008

Observed a large amount of grease on old food debris buildup underneath the burners and the grills underneath the hood. The knobs and face plate of the equipment pieces also have a buildup of grease on them. Clean all surfaces as often as necessary to prevent old food and grease buildup. Clean and maintain clean underneath all cooking equipment.

There is a large amount of water and other food debris on the floor of the left hand side prep cooler. The wall of the cooler also has food debris on it. Clean the walls and floor of the small cooler as often as necessary to prevent buildup of old food debris. Clean and maintain clean the floor and walls of the cooler.

4-501.11 The lefthand side cooler underneath the prep line appears to have overflowing waste water dripping onto the floor of the cooler. Have the cooler repaired so that the wastewater drains and no longer overflows and drips onto the cooler floor. 03/20/2008

5-402.11 No air gap is installed on the ice bin drain waste at the front waitstaff station. An air gap is required to be installed to prevent sewage backflow from entering into the ice bin and/or to prevent mold growth back into the ice bin. Have a licensed plumber properly install an air gap for the ice bin drain line. 03/20/2008

No air gap is installed on the ice bin drain waste at the ice machine. An air gap is required to be installed to prevent sewage backflow from entering into the ice machine and/or to prevent mold growth back into the ice machine. Have a licensed plumber properly install an air gap for the ice machine drain line.

Other 03/20/2008

6-501.114 The garbage lids on the large dumpsters outside are not closed. Ensure that all dumpster lids are closed at all times. 03/20/2008

Observed spilled grease on the ground in front of the grease bin outside. The lid for the grease bin is also open. Clean up any spilled grease immediately and keep the lid closed at all times.

---

Frank P. Zeidler Municipal Building, 841 North Broadway, Room 304, Milwaukee, WI 53202-3653      Phone: (414) 286-3674      Fax: (414) 286-5164  
web site: [www.milwaukee.gov/health](http://www.milwaukee.gov/health)

Clean out the garbage and seal the open hole in the back storage area. Either place a secure vent cover over the hole or completely seal the hole.

The "shatter shield" fluorescent tubes above the prep line may be used. However, if non-shatterproof bulbs are used, light shields will be required to be installed.

Install a lightshield cover over the open light inside the walk in cooler.

The waffle maker will be allowed to be operated outside of the hood conditionally. The area above and to the sides of the waffle maker must be maintained clean at all times. The waffle maker will be required to be placed underneath the hood if the area is not kept clean of grease and food debris.

Recaulk the sink/wall junction in the women's restroom (break area).

On 3/6/2008, I served these orders upon LA MIRADA ENTERPRISES NO.5 INC by leaving this report with
