The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Code Number	Description of Violation	Correct By
5-201.11	<p>There are raw wood shelves in the back storage room. All wood shelves in the back area must be sealed w/ polyurethane or be removed from the premise.</p> <p>The walls in the large back storage area are not finished. Have the walls finished before storing product in the room.</p>	10/6/2008

6-501.111

There is a small amount of mice droppings present in the SE corner of the smaller liquor storage room (room with the large wood shelves). Clean up the droppings and sanitize the area. Monitor the area for new droppings and provide effective pest control measures to eliminate mice from the premise.

Notes:

Ensure that the self closer on the restroom door is functional.

Ensure the ceiling in the back is no longer leaking. If the ceiling has been fixed, remove the large catch bucket and have the walls and the ceiling panels replaced.

Dump out all dirty mop water after each use. Do not allow the dirty mop water to remain in the mop bucket.

Ensure that there is always hot water available for hand washing in the restroom. Hot water must be available for use within 20 seconds of turning the faucet on. If the heating unit is faulty, have it replaced or repaired.
