Notes:

See order for Certified Food Manager on Special Inspection dated 9/18/2008.

Always store personal foods separate from business food items.

The Osterizer blender and the Waring Pro Food Slicer are not approved to be used for the catering business. If using for personal use, these items must be cleaned and stored away after each use. They may not remain on any food preparation counters, food storage counters, or storage shelves being used for the business.

The large walk in freezer is being repaired at the time of the inspection. Ensure that the freezer is in good working condition before using.

No food preparation was occurring at the time of the inspection.
