Notes:

NOTES:

Have maintenance install a paper towel dispenser by the dishwasher for handwashing.

Clean the water out of the milk cooler.

Watch your hot box hot holding temperatures, the tater tots were 119-129F. Take temps in the hot box and do corrective actions.

The Food Safety Plan is present and needs some improvement. You are missing the Employee Reporting forms that are signed, and Training Reports. There are SOP's they use and are not checked off on such at hot holding, sanitation, thawing, etc.. Have binder and information organized by next fall inspection 2013. klg
