Routine Food

The Road, Inc.
Denny's
8001 W Brown Deer Rd
Milwaukee, WI

11/17/2008

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Code Number	Description of Violation	Correct By
5-202.11	The drain system for the food preparation sink waste drain and funnel is out of alignment causing waste water to leak/spill onto the floor area. Have the drain and the funnel aligned properly and ensure that waste water no longer leaks/spills onto the floor. Ensure that the air gap is still present along the drain as designed per code.	11/17/2008
	The sanitize bin of the warewash sinks is not holding water. Have the sink serviced/repared so that it is able to hold sanitizer water for sanitizing.	

Notes:

Keep the floor in the kitchen area clean. There is a small amount of debris buildup along the floor/wall junctions and the corners. When cleaning, be sure to clean these areas thoroughly.

Continue to keep the surface underneath the fryers and grill area clean. The surface must be cleaned as often as necessary to prevent the buildup of old food, grease, and debris.

On 11/17/2008, I served these orders upon The Road, Inc. by leaving this report with
