## Food Inspection

Routine Inspection

February 27, 2007

Taqueria El Paisa LLC  
 El Paisa Taqueria  
 9112 W Brown Deer Rd  
 Milwaukee, WI 53224

The following list of violations of the Wisconsin Administrative Code as adopted by reference in the Milwaukee Code of Ordinances Chapter 68, and/or other City ordinance(s) must be corrected as soon as possible but not later than the date specified. A re-inspection fee may be assessed if the violation is not corrected by that date. An inspection fee may be charged for any repeat violations.

Code Number	Description of Violation	Correct By
4-701.10	Buckets for sanitizer were set up, but operator is using left over sanitizer from the previous occupant. The sanitizer has lost its ability to effectively sanitize. Measured at 0ppm bleach when tested. Set up sanitizing buckets using fresh bleach (100 ppm bleach). Bleach does get old and does lose strength with time.	02/27/2007
3-301.11	Ice scoop is buried inside of the ice bin. To prevent employee's from touching the ice with bare hands (bare hand contact), have the scoop stored outside of the ice bin in a clean container or inside the ice bin with the handle out of the ice.	02/27/2007
6-301.11	Front handwash sink does not have any soap in the dispenser. Provide handsoap at all handwash sinks at all times.	02/27/2007
4-903.12	Wet wiping cloths found on top of work surfaces. Store all wiping cloths in sanitizer (100 ppm bleach) when not in use.	02/27/2007
No NonStandard Violations to Report		

**Inspection Note:**

Men's restroom self-metered faucet "hot" side does not remain on for the minimum 15 seconds when activated. Adjust faucet so that water flow remains on for minimum of 15 seconds without the need to re-activate it.

While the vast majority of the ready-to-eat food items were properly datemarked in the coolers, a few items that also needed datemarking were not. Remind your employee's that all ready-to-eat potentially hazardous foods must be datemarked.
